Polytechnic Univ., Valencia

CERTIFICATE

Frontend Career Path
NextJs from Scratch
Frontend Foxes Bootcamp

ABOUT ME

Front-End Developer & UI/UX designer creating responsive React/Next.js apps, bridging design and development for seamless user experiences.

WORK EXPERIENCE

FREELANCE FRONTEND DEVELOPER & UI DESIGNER

MARCH 2024 - PRESENT

ADMIN & PARTNER WEB APPS – REACT / ANGULAR MIGRATION

Migrating the internal Admin platform from Angular to React, enhancing features, performance, and usability. Contributing to the client-facing Partner app with feature development and bug fixes.

FRONTEND WEB APP FOR GAS & ELECTRICITY DATA VISUALIZATION

Developed a responsive admin dashboard to visualize and manage gas and electricity consumption data. Features include interactive tables with filtering and sorting, a map view with Leaflet for meter locations, Recharts stacked bar charts for monthly analysis, CRUD operations, light/dark theme toggle, i18n (EN/HU), and unit tests. Focused on a custom, user-friendly UI for efficient energy data management.

MULTI-PAGE NEXT.JS WEBSITE FOR STARTUP

Developed and designed a cost-efficient multi-page website with custom UI using Next.js, including blog management (Sanity), newsletter integration, booking, contact forms and scalable architecture with SEO optimization.

PERSONAL PORTFOLIO AND TRAINING PROJECTS

MAY 2022 - JAN 2024

Building personal projects in React/Next.js, including a Tinder for Dogs app, Job Search Portal, Quizzical, and Portfolio, to strengthen frontend and full-stack skills.
